

## RedMax BCZ2460TS

A light weight yet heavy duty commercial trimmer designed to produce additional torque for extreme conditions. The BCZ2460TS provides 1.14 horsepower while only weighing 11 pounds. Couple this excellent power-to-weight ratio with the Strato-Charged engine and the steel damper shaft and you have one of the most fuel efficient, durable, and light weight trimmers on the market.

Cylinder displacement:

23.6 cc

Power output:

1.14 hp

Weight (excl. cutting equipment):

11.2 lbs
